

OMNI POLYMER
PACKAGES (PVT.) LIMITED.

List of Clients:

Fertilizer/Chemical

- 1) Agritech Ltd.
- 2) Pakarab Fertilizers Ltd.
- 3) Fatima Fertilizer Ltd.
- 4) Fauji Fertilizer Company Ltd.
Goth Machhi
- 5) Fauji Fertilizer Company Ltd.
Mirpur Mathelo
- 6) Fauji Fertilizer Bin Qasim Ltd.
- 7) Hazara Phosphate Fertilizer Ltd.
- 8) United Agro Chemicals Ltd.

11) Sindh Abadgar Sugar Mills Ltd.

12) Larr Sugar Mills (Pvt) Ltd.

Feed:

- 1) Master Feeds (Pvt) Ltd.
- 2) Hi Grow Feeds (Pvt) Ltd.
- 3) Al-Meezan Poultry Feed and
Allied Products
- 4) Marjan Feed
- 5) Sona Feed
- 6) Pioneer Feeds (Pvt) Ltd.
- 7) A-One Feeds
- 8) Jadeed Feeds Industries (Pvt) Ltd.

Sugar

- 1) Ansari Sugar Mills Ltd.
- 2) Sakarand Sugar Mills Ltd.
- 3) Naudero Sugar Mills (Pvt) Ltd.
- 4) New Dadu Sugar Mills (Pvt) Ltd.
- 5) Khoski Sugar Mills (Pvt) Ltd.
- 6) Bawany Sugar Mills Ltd.
- 7) Tando Allahyar Sugar Mills (Pvt) Ltd.
- 8) Bandhi Sugar Mills (Pvt) Ltd.
- 9) Chambar Sugar Mills (Pvt) Ltd.
- 10) Digri Sugar Mills Ltd.

Rice / Food:

- 1) Sindh Food Department
- 2) Punjab Food Department
- 3) Noor Rice Mills

OMNI POLYMER
PACKAGES (PVT.) LIMITED.

"We weave quality Polypropylene
to hold goods in a
better shape"

Manufacturer of environment friendly, reusable woven polypropylene Bags and Liners

OMNI POLYMER PACKAGES (PVT.) LIMITED.

About:

Omni Polymer Packages Pvt. Ltd is an ISO 9001:2008 certified company. Major Plant and Machinery is imported from **Starlinger, Austria** and **Lohia Starlinger, India**. We specialize in manufacturing WPP bags and HDPE Liners, since 2005. We are dedicated to pursue excellence and innovation in polypropylene packaging. We continually strive to improve customer satisfaction by delivering quality products and superior service at market competitive price.

Applications:

Polypropylene Woven bags are reliable and safest source of volumetric packaging as compared to other conventional jute, paper or cloth bags. Being moisture proof, having higher strength and longer shelf life, these bags possess following known packaging applications;

- * Chemicals, fertilizers, minerals, resin, polymers, rubber
- * Flour, grain, seeds, spices, pulses, dates, agro products,
- * Fish meal, cattle feed
- * Sugar, salt
- * Sand, metal parts, concrete elements
- * Fruits, vegetables

Production Capacity:

Omni Polymer Packages (Pvt) Ltd., (OPPPL) is one of the most modernly equipped WPP Bag plant in Pakistan, with a capacity of **4.5 million** WPP Bags & **2.00 MILLION** HDPE Liners per month.

Product Specifications:

Material	100% prime virgin PP
Top Mouth	A. Heat Cut B. Hemmed C. Valve (As per Party Requirement)
Bottom	Single/double fold and Single/double stitched; Square bottom
Width	16" to 27"
Mesh Desity	8 x 8 /sq.inch 12 x 12 /sq.inch
Denier	600D to 1200D
Length	As per customer request
Weight (GSM)	40 GSM to 145 GSM
Packing	As per customer request
UV Stabilization	As per customer request
Perforated	Yes
UV Stabilization	As per customer request
Surface treat	Plain, anti-slipor breathable at buyer request
Printing	6 color auto roll printing machine
Printing Ink	Non fading permanent water proof flexo printing ink
Colors	Any Color (As per Party Requirement)
Imprint	One side or sides at buyers requests

OMNI POLYMER PACKAGES (PVT.) LIMITED.

Plant and Machinery:

An automated plant, ensuring denier accuracy, imported from **Starlinger Company, Austria** and **Lohia Starlinger**, To match our both **Starex-800S & 1400HS extrusion line**, we have **56 state of the art looms**. Our Manufacturing facility consists of following state of the art machines and equipments:-

MACHINE	FUNCTION	QTY SET	MAKE & MODEL
Extruder :- Starex-800s With 140 Stacofil 200A Winders	Tape Production and Tape Winding Process	1	Starlinger Ltd., Austria & Lohia Starlinger, India
Extruder :- E120B-1400 HS (High Speed) With 252 winders	Tape Production and Tape Winding Process	1	
Looms:- Stacoloom SL-6	Fabric	26	
Looms:- LSL-6	Fabric	30	
Auto Conversion Line	Cutting and Bottom Stitching of bag	3	
Baby Lofil	Manufacturing of Stitching Thread	1	Pakistan
Four Color Printing Machine	Printing on bags	5	
Six Color Flexographic Reel to Reel Printing Machine	Printing on bags	1	Taiwan
Stitching Machines	Top Stitch of Bags	30	Pakistan
Cutting Machines	Cutting of Bags (Manual)	4	Pakistan
Blown Film	HDPE Liner Production	4	Pakistan

Flexographic Reel to Reel Printing Machine: The most efficient way for the PP woven bag printing, and capable of two side printing on the bag in one process.

Looms: A total of 56 looms. Imported 26 automatic Circular Looms from Starlinger Company, Austria & 30 Looms from Lohia Starlinger Company, India.

Extruder: The Starlinger Company Starex-800s & Lohia Starlinger 1400HS extruder line is totally automated, thereby giving accurate denier width.
